

April 2017

MWF 3's

March flew in and by us so quickly this year. We started out with Western Day! Thanks to all the parents that joined us for a rootin'-tootin' time in the gym. We have talked about the weather and played in a pretend rain shower. We made kites and flew them outside. We had a short unit on critters to end the month.

In April, we will learn about Easter, farm animals, spring, and moms. Our color is purple and our shape for the month is oval. **The Spring Play is on the 3rd** at 10:00. Parents are welcome! **Our Easter party is on the 12th**. Please **send 11 plastic filled Easter Eggs with their basket** on the morning of the party. Remember, we have a nut allergy in the class when picking candy to fill the eggs.

April is also the month when parent **conferences** are held. **It is on Monday, April 24th**. I will post a sign-up schedule outside our room with the times. Pick a time that is good for you. If you have a problem with the conference times, let me know.

We have moved the **Mother's Tea** from April back to May. The tea is on **May 5th** so save the date. The kids will prepare a light snack to serve to their moms from 12:45-1:30. It's your turn to have a special time with your child in our classroom.

We will close out April with Earth day. We will talk about how we can love and take care of our world.

Love,
Mrs. Wilson
